

PEACEFUL & HARMONIOUS  
TOGETHER AT THE  
SUMMER BREEZE OPEN AIR

# IT'S ALL ABOUT THE COMMUNITY

## **RESPECT**

We respect all people regardless of gender identity, sexual orientation, ethnic origin, religion and mental and physical abilities! Respectful and considerate interaction helps everyone feel safe and comfortable.

## **TOLERANCE AND OPENNESS**

We do not tolerate discrimination of any kind. We want to be open to new experiences and people, and it is important to us to accept different opinions and lifestyles as long as they are based on mutual respect.

## **SUPPORT AND COMMUNITY**

We want people to be helpful to each other. Support each other and create a positive and inclusive festival atmosphere.

## **NO PLACE FOR RACISM AND EXTREMISM**

We stand for a community that lives diversity, tolerance and respect! In concrete terms, this means that we value people of all skin colors, religions, genders and origins.

**WE DO NOT TOLERATE HATRED AND INTOLERANCE SUCH AS SEXISM, RACISM, QUEEROPHOBIA AND ANY OTHER KIND OF DISCRIMINATION, BORDER-CROSSING AND VIOLENCE AND WILL BE DIRECTLY EXPELLED FROM THE SITE.**

We are aware that our festival is not free of transgressions. We want to prevent this as far as possible from the outset: We do not tolerate discrimination and violence - people who cross borders will be expelled from the site.

We believe in those affected and support them in solidarity. We want everyone to feel comfortable and safe at our festival.

## **NON-VIOLENCE**

We want people to treat each other with respect. No one should be harassed or molested! We are aware that not everyone has the same sense of security. That's why it's important that you look if something seems strange to you.

If you observe any questionable situations, please contact us directly.

Physical and verbal violence have no place at our festival. We do not get too close to anyone and respect individual boundaries. Only a yes means „yes“

## **CONSUMPTION**

Alcohol and other substances should be consumed in moderation and responsibly. All visitors should be well. Therefore, be aware of the consequences of tobacco, alcohol and other drug consumption. You are not only influencing yourself, but also those around you.
